

APPLICATION CHECKLIST FOR IEEE CSC GRADUATE STUDY FELLOWSHIP IN APPLIED SUPERCONDUCTIVITY

	Complete entire application form (to include signature and date)
	Obtain complete & current college/university transcripts (to include proof of current enrollment)
	Include 3 letters of recommendation as specified in application instructions
	Submit all materials by no later than January 15 th as directed in application

**APPLICATION FORM FOR
IEEE CSC GRADUATE STUDY FELLOWSHIP IN APPLIED SUPERCONDUCTIVITY**

PERSONAL DATA

Name: _____

School Address: _____

Home Address: _____

Telephone Numbers: School: _____ Home: _____

Email address: _____

EDUCATIONAL BACKGROUND

High School Graduation Date: _____

Placement in National Examination _____ out of _____

Colleges Attended/Location	Years	Graduation Date	Degree	Major Field

Cumulative Undergraduate Grade Point Average _____ out of a possible _____

If available, comparative undergraduate Class Standing _____ out of _____

College Honors/Other Awards:

Undergraduate research and publications (if any):

Extracurricular activities (music ensembles, athletics, clubs, social organizations, community service, etc. that demonstrate teamwork and leadership skills of the applicant):

Personal interests, hobbies, recreational activities:

WORK EXPERIENCE

Dates	Employer	Type of Work	Responsibility

ADDITIONAL INFORMATION

IEEE Member? Yes No

If yes, list IEEE activities or other technical societies' activities:

Name and location of Institution where you are doing graduate work:

Department _____

Beginning Year of graduate study: _____

Expected Qualifying Exam date: _____

Major Field: _____ Sub-Field: _____

Graduate Grade Point index (to date): _____ out of _____

Have you initiated your thesis research as of this date?

If YES, when did you start? _____

Topic: _____

Thesis Advisor (name, telephone number, e-mail address):

Current means of Financial support (Assistantships, Scholarships or fellowships now held or applied for, non university employment, etc.)

Three references - names, addresses, telephone, fax, email address (include the applicant's thesis advisor (if applicable) , at least one educator (who could be the thesis advisor) or a recent employer (if work was technical in nature) who can provide first-hand information about the strength of the application:

Name	Address	Telephone	FAX	Email

Papers presented or prepared other than those listed above under the "Undergraduate research" section:

Outline any scientific or technical work you now have in progress, or that you plan to start in the near future:

PERSONAL STATEMENT

**How do you intend to contribute to the field of applied superconductivity?
Your answer should include potential areas of research you would like to pursue or potentially innovative areas of research that you hope to impact in applied superconductivity.**

Signature _____

Date _____
